## LA NOSTRA FILOSOFIA

La magnificenza e l'alto valore estetico del marmo è il plus che **Artemisia Casa** persegue sin dal principio. Ecco perché la nostra scelta di business è sempre stata quella di non puntare su grandi volumi di produzione, ma preservare l'eccellenza, la purezza e l'esclusività delle materie che solo le piccole produzioni riescono a garantire. I molteplici passaggi di lavorazione, la cura che dedichiamo ad ogni singolo pezzo e la ricerca di suggestioni antiche sono i nostri fattori competitivi fondamentali. Rimarrai incantato dai nostri formati di pietra naturale, dall'intensità delle sue finiture e delle venature: immediatamente noterai la differenza che ci distingue.

## OUR PHILOSOPHY

Since its inception, **Artemisia Casa** has been pursuing the enhancement of the marvellous aesthetic characteristics of marble. This is why our business strategy does not focus on large production volumes, but on small productions to preserve the excellence, purity and exclusivity of the materials. The multiple processing steps, the care we dedicate to each single piece and the search for ancient suggestions are our fundamental competitive factors. You will be enchanted by our natural stone formats, by the intensity of its finishes and venatures: you will immediately notice the difference that sets us apart!

## NUESTRA FILOSOFÍA

Desde sus inicios, **Artemisia Casa** ha perseguido la puesta en valor de las maravillosas características estéticas del mármol. Por esto nuestra estrategia comercial no se enfoca en grandes volúmenes de fabricación, sino en pequeñas producciones para preservar la excelencia, la pureza y la exclusividad de los materiales. Los múltiples pasos de tratamiento, el cuidado que dedicamos a cada pieza y la búsqueda de sugerencias antiguas son nuestros factores competitivos fundamentales. Te encantarán nuestros formatos de piedra natural, la intensidad de sus acabados y veteados: ¡notarás inmediatamente la diferencia que nos distingue!

### UNA SCELTA DI GUSTO E VERSATILITÀ

Le nostre linee possono essere plasmate per soddisfare qualunque stile, ricreando sensazioni e suggestioni rustiche e antiche oppure azzardando accostamenti e trame di tendenza per un gusto più contemporaneo. L'atmosfera dell'ambiente evocherà un fascino naturale, elegante e di piacevole serenità.

Produzione interamente in Italia: ogni singola fase di lavorazione si realizza presso le nostre strutture in Italia. Scegliere un prodotto **Artemisia Casa** significa comprare un pezzo unico che rispetta i più alti standard di bellezza, creatività, lusso e qualità.

### SOSTENIBILITÀ

Le nostre lavorazioni non utilizzano sostanze nocive, in tal modo i fanghi prodotti con la lavorazione dei mosaici non rappresentano rifiuti da smaltire ma materiale destinato al recupero. Sono, infatti, utilizzati come materiale per il rifacimento stradale o come componente per la produzione del cemento.

### A CHOICE OF TASTE AND VERSATILITY

Our collection lines are shaped to satisfy any style, recreating more vintage and rustic suggestions or daring combinations and trendy textures for a more contemporary taste.

The environment will evoke a natural, elegant and pleasant serenity charm. 100% made in Italy: every single processing phase is carried out in our facilities in Italy. Choosing an **Artemisia casa** product means buying a unique piece that reflects the highest standards of beauty, creativity, luxury and quality.

### SUSTAINABILITY

Our processes do not use harmful substances, thus the sludge produced from mosaics treatment does not represent disposable waste but material intended for recovery. In fact, they are used as a material for road reconstruction or as a component in cement production.

### UNA ELECCIÓN DE BUEN GUSTO Y VERSATILIDAD

Nuestras colecciones están diseñadas para satisfacer cualquier estilo, recreando sugerencias más vintage y rústicas o combinaciones atrevidas y texturas de moda para un gusto más contemporáneo. El ambiente evocará un encanto de serenidad natural, elegante y agradable. 100% made in Italy: cada una de las fases de elaboración se lleva a cabo en nuestras instalaciones en Italia. Elegir un producto de **Artemisia Casa** significa comprar una pieza única que refleja los más altos estándares de belleza, creatividad, lujo y calidad.

### SOSTENIBILIDAD

Nuestros procesos no utilizan sustancias dañinas, por lo tanto el lodo producido por la producción de mosaicos no es un desecho a eliminar, sino material destinado a ser recuperado. De hecho, se utiliza como material para reparaciones de carreteras y como componente en la producción de cemento.
